

## Car Parking

- The Department currently leases 80 car parking spaces. These spaces are predominately located throughout the Hobart CBD and its surrounds.
- Generally, car parking spaces are allocated to staff on the following basis:
  - Senior Executive Officers who are provided with a vehicle as part of their remuneration package;
  - G-plated vehicles; and
  - Other staff based on a demonstrated operational need.
- It should also be noted that 42 of the total car parking spaces allocated to Departmental staff are located at 15 Murray Street which are included in the leasing arrangements of the building.
