Importance: High

Hi all,

The title says it all – www.tasalert.com

RiskReady has been a project several years in the making so, [REDACTED] I am incredibly proud of what we have achieved. I believe that this is an incredible resource for the Tasmanian community and hopefully one day will be recognised as such!

Thank you all for your contributions to this project... but especially a massive thank you to [REDACTED] Not only have they had to support this project and work with the external agencies to get the advice / information developed and finalised but they have also had to deal with the roller coaster that this project became [REDACTED] your work has been invaluable and I appreciate it very much!
