Subject: Draft Burial and Cremation Bill 2019 - Public Consultation Paper

I agree with the new amendments to the Burial and cremation Bill, because being a proud Tasmanian, it's history is close to my heart as with a lot of Tasmanian's, proud of their state and family histories. It should not be allowed to be placed in the hands of people who disrespect and disregard our heritage. The reason for this bill is because of the Anglican Bishop who is happy to destroy our heritage to push his own agenda and being a practicing Anglican I am dead set against his evil ways and methods to ruining the Anglican religion. Full marks to the Government for listening to its voters.
