The Tasmanian Government Card (TGC) achieves efficiencies through the rationalisation of ordering, authorisation, reconciliation and payment procedures, particularly for low value purchases.

The major benefits arising from the use of the TGC include:

- generating productivity gains to agencies and the Government as a whole;
- allowing the Government’s suppliers to receive speedier payment;
- reducing the paperwork associated with the purchasing and payment process for both the Government and its suppliers; and
- reducing the number of payments processed by agencies.

85 Tasmanian Government Cards are currently issued to the Department of Premier and Cabinet to meet travel and other operational expenses.

Card expenses for the period 1 July 2012 to 31 March 2013 was $418,886.

22% of our payments are made using the Tasmanian Government Card.
