

# Review of Tasmania's Local Government Legislation Framework

LG Review  
News

ISSUE 07 – AUGUST 2019

## Strong Engagement during Consultation Period

Consultation on the Reform Directions released in July has been strong, with nearly 500 survey responses received to date.

Face-to-face consultation sessions have also taken place in Wynyard, Ulverstone, Devonport and Launceston, providing an opportunity for communities, elected members and local government staff to hear more about the Reform Directions and have face-to-face discussions with the Project Team. Sessions will also take place on the East Coast and in the South in the coming weeks.

Further updates on the progress of consultations will be provided in future newsletters.

Thank you to those who have attended sessions so far and provided valuable contributions and insights.

## Submissions Still Open

If you would like to provide your feedback on the Reform Directions, submissions are open until 30 September 2019 and can be made by email, post or through our online surveys.

See the **Contact Us** section for email and post details, or to visit our webpage and access the survey links.

Thank you to all those who have taken a survey or provided a submission to date.
