Subject: Amendment Bill 2018

To whom it may concerned

We are in agreement of the Governments proposed changes to the Burial and Cremations Amendments bill 2018. We are connected to St James the Lesser Church at Osterley, where our grandparents were first settlers there and who were instrumental in having the church built.

Great grandparents, grandparents, parents uncles aunts cousins and neighbours all are buried there, where also hope to be buried, "where you are buried, let me be buried", and we thank you for your efforts to protect these grave sites and our history.

Kathie and Oliver Koefman
