

# Tasmanian Government Card Expenses

To ensure the efficient operation of Ministerial offices, Chiefs of Staff are issued with a Government credit card. Credit cards represent a type of payment method and are not a duplication of expenditure. For every transaction made on a Government credit card, there is a relevant credit card slip and tax invoice held by the Department of Premier and Cabinet Finance Branch.

Appropriate credit card use includes any business related expenditure such as travel, office supplies and related expenses, and excludes items such as fuel for Government vehicles, cash withdrawals, entertainment (includes meals and alcohol whilst not travelling, events and related costs) and personal expenses.

The tables below show Tasmanian Government Card business-related expenses for each Chief of Staff over the six months period 1 March 2018 to 31 August 2018.
