Subject:

Amendments to the Dog Control Act 2000

Date:

Wednesday, 25 September 2019 10:18:39 AM

I support these amendments. I also support more resources going in to sensitive wildlife areas eg for penguins and hooded plovers, so that there are more rangers/animal control officers and CCTV to allow our native wildlife a chance in their own habitat.

Dogs are not the problem the owners are. Hopefully these changes will make people wise up and take more care of their dogs and where they can go.

Regards

Grace Mulholland
