To Whom it may Concern.

As a ratepayer of Tasman I am totally against amalgamating with the Sorell Council.
After reviewing the financial position of the Tasman Council, and considering the hard work, and dedication to the community by the former and present Councillors to get this result, I would like to see it kept as it is.
Tasman has good facilities to service the community, so I can't see why it should change.

Yours faithfully,
Leslie Kube.
