

- Will rates increase
- Where will council work crews be located
- Where will the cost savings come from
- How will amalgamation effect the process of “getting things done” in our community
- Will the priorities of general maintenance and projects be affected
- Road maintenance – will an amalgamation see improved services to roads
- would an amalgamated council consider a rates discount for home owners who volunteer in essential services like Fire, SES and Ambulance.
- How will this effect the level of medical services in the community eg. 24 hour doctors/7 days per week – will the council ensure the services are maintained or increased
