**Subject:** Submission to Expansion of Parliament Bill  
**Date:** Monday, 19 September 2022 10:20:39 PM

---

As a concerned voter in a Tasmanian electorate I support the restoration of the size of the parliament to its size before 1998, that is , composed of 35 members with 7 members elected in each of 5 electorates.

I make this submission because the larger size gives a greater proportional representation to the voters in each electorate than the present smaller parliament.
